SECOND DAY'S SESSION

Of the Supreme Lodge of the Shield of Honor Yesterday.

THE PARADE AND PICNIC PUT OFF

Until Friday Afternoon, on Account of the Weather, and This Evening Will be Devoted to the Institution of the New Grand Lodge for the Jurisdiction of West Virginia—Yesterday's Proceedings.

Owing to the rain yesterday the street parade of the Shield of Honor and the picnic at Mozart Park, in honor of the visiting members of the supreme lodge, were postponed. They will probably be given on Friday, although this has not been definitely settled. In spite of the inclement weather there was a large turnout of members of the four local lodges ready to fall into line when Chief Marshal Thompson announced that owing to the dampness and mud the parade would not take place yesterday.

The supreme lodge continued its sessions yesterday, and much business of interest and importance to the order was transacted, though of course most of it was of a private character.

Instead of instituting the new grand lodge for the jurisdiction of West Virginia on Friday afternoon, as was intended, this work will be done at a night session this evening, so as to leave the delegates and officers free to attend the outing and ride in the parade. The banquet which was arranged to come off on Friday evening will, on account of the other changes in the programme, be given this evening instead, after the institution of the grand lodge, in the assembly room in the I. O. O. F. building.

The session yesterday was taken up mainly as that of Tuesday, with the hearing of reports of supreme officials and standing and special committees, and acting on recommendations of the supreme master. This business was of a private character, and not given out for publication. To-day the new officers will be elected, and several proposed changes in by-laws and rules will come up for action.

The order of formation of the parade Friday has been announced by Chief Marshal C. D. Thompson, as follows:

Police Platoon.
Wheeling City Band.
Wheeling Lodge.
Fort Henry Lodge.
Eureka Lodge.
Mayor's Band.
Zeno Lodge.
Carriages containing invited guests and supreme members of the order.

With good weather the order will have a very creditable demonstration, as the members of the local lodges are enthusiastic in the matter and will turn out to a man if nothing occurs to prevent.

A MISTAKEN IDEA

As to the Powers and Duties of the City Health Officer.

There seems to be an erroneous impression in health official circles as to the authority and duty of the health officer. Dr. Walden himself is quoted as saying that he has no authority to place guards at the houses where there are smallpox cases, because council refused to order this done at its meeting Monday night. As was pointed out at that meeting this is a wrong idea. The mere vote of council cannot effect the provisions of an ordinance, and section 5 of the ordinance in relation to the health officer, etc., expressly provides: "Sec. 5. The health officer shall have authority to prohibit any person from entering or leaving any house, or the premises attached thereto, where any person may be found diseased with smallpox, varioloid, Asiatic cholera or other formidable contagious disease, if communication with said diseased person would, in his opinion, be prejudicial to the public health; and for this purpose he may cause the house containing such diseased person to be guarded, and in addition shall designate said house by a flag of yellow flannel," etc.

A CHANGE IN THE WEATHER.

A Heavy, Beautiful Rainfall Reduces the Temperature.

The rain which began to fall about 1 o'clock yesterday morning continued with more or less force and with few intervals of cessation for about 12 hours. In that time, as shown by the rain gauge at C. Schnepf's, .78 of an inch of rain fell, which was considerably more than half the entire rainfall in the month of May, when the aggregate was only 1.32.

The rain was not hard enough to break tender plants or do other harm, but was steady and hard enough to thoroughly soak the ground and go to the deepest roots. In the country the effect was almost instantaneous, small plants nearly parched by the continued dry weather seeming almost to jump upward. The trees were covered with dust, and with this washed off seemed to have taken on the fresh, bright green of early spring. Roads and fields drank up the moisture so fast that little was left to run off, yet small streams whose beds were dry again began to flow.

The effect on the temperature was marked. Yesterday the morning opened with the mercury at 82 and by 2 p. m. it had fallen to 75. It went up a degree or so later in the day, but last evening was pleasantly cool. About 4 p. m. the signal flag for clear and cooler weather was hung out. Considerable more rain would have increased the cool already done, but as it was the water that came down was worth thousands of dollars to the farmers and gardeners and they all wore a cheerful look yesterday. In town, also, the refreshing air had a beneficial effect, relieving people who were very weary of 100 in the shade, and purifying the air finely.

Local Druggists' Association.

Yesterday afternoon the retail druggists' association of Wheeling held its annual meeting at Siefert's garden, with a fairly good attendance. The main business was the election of officers, which resulted as follows: President, Charles Monkeniller; vice president, Christian Schnepf; secretary, William Hagne; treasurer, Charles R. Goetzke. Other matters of importance to the trade were considered, and after adjournment the members indulged in several games of ten pins and other amusements.

Payson, New Haven, Mo., writes: "Please add my name to the long list of friends to your excellent Do Witty's Hazel Salve, its use in my family for several cases of skin eruptions and sores proved it a perfect healer." PUBLIC SCHOOL GRADUATES.

The Averages Made on the Recent Final Examinations Very Good.

Superintendent of Public Schools Anderson has finished making out the averages of the graduating class of the schools. The general average of the standing of the pupils is good, and while the boys did very well "for boys," the girls outstrip them, clearly showing the fallacy of that oft-stated theory—the superiority of the lordly male mind. Both honors are taken by young ladies, and at very high percentages, too. The first honor, that of the valedictorian, goes to Miss Mary Hall, of Union district school, and the second, the salutatorian, to Miss Maggie Hathaway, of Webster school. The first named miss had an average of 90.4 and the second 93.4, a remarkable showing and one of which Wheeling may well be proud. Following is the percentage of standing of the graduates of each school:

WASHINGTON.

F. Ray McDonald, 92.1; Betha E. Neumann, 77.8; John Otto, 87.5; August Koch, 79.5; Jessie Bennett, 82.2; Amanda H. Phillips, 90.7.

RESULT OF THE CONTESTS

At the R. of P. Reunion at St. Clairsville on Tuesday.

The contests at the Pythian Reunion at St. Clairsville resulted as follows:

The half mile bicycle race was won in 1:22 by M. B. Gregory, of Flushing, Ollie Mann, of Bellaire, coming in second. It was an exciting contest and was a race from start to finish between these two, the others not being in it after the first hundred yards.

Horse shoe pitching contest was an interesting event. Archer and Rumbach, of Bellaire, after a close and hard contest, carried off first prize, and the Martin's Ferry team, W. H. Coss, and W. H. Hollenbine, the second.

The foot race was won by R. C. Montgomery, of Martin's Ferry, Joe Couture, of Bridgeport, coming in second. H. Bahra came in third.

Rifle shoot was won by M. Cowen making 51 points out of a possible 60. F. A. Dinmore, of Maynard, getting 49 points and second prize.

One mile bicycle race was run by the winners only in the half mile contest, the others having found out they were not in it. Gregory came out first and Mann second. Time, 2:45.

The baseball game was a most interesting feature of the programme and N. K. Kennon's team was pronounced winner, the score standing 11 to 10.

By breaking 22 out of the 24, M. Cowen carried off first prize in the clay pigeon shoot. Albert Kennon got 19 birds and second prize.

The wheelbarrow race was one of the most exciting contests of the day and Dr. D. W. Eason was the winner by about ten yards, W. W. Hanlon being a good second until he was passed in the last twenty-five yards.

"FRA DIAVOLA"

At the Wheeling Park Casino To-night—A Boquet of Harmony.

Owing to the drizzling rain of yesterday forenoon there was no matinee performance at Wheeling Park Casino, but to-night the gem of the repertoire of the Robinson opera company, "Fra Diavola," will be given with an exceptionally strong cast, and there is certainly a rich treat in store for the audience that will be present, especially those who appreciate the harmony of sweet sounds. The opera is one of the most beautiful that was ever written, and contains as much melody as the songs of the angels.

The cast will be as follows: Fra Diavolo, Frank Nelson; Lord Alcazar, Dick Castilla; Lorenzo, Charles N. Holmes; Matteo, Abbott Adams; Beppo, Raymond Hitchcock; Giacomo, William Pullman; Francisco, Frankie Branch; Farina, Nellie Plummer; Zerlina, Essie Barton; Lady Alcazar, Isabella Sargent.

"Girolo-Girolo" will be presented Friday evening and for the Saturday matinee the popular success, "Olivette," will be given. There will be no performance Saturday evening, on account of matinee in the afternoon. Popular prices only are charged for these operas, and the park is at its prettiest, in its most lovely shades of color, the romantic surroundings adding to the evening's enjoyment of music. With all these things conspiring to please the eye and ravish the ear the electric lighting of the park to-night will make fairyland dull and gloomy place compared to it.

SUPREME COURT OF APPEALS.

The Regular June Term Opened in This City Yesterday.

The regular June term of the supreme court of appeals was opened at 10 o'clock Wednesday forenoon in the chamber of the second branch of council, Judge Homer A. Holt, president, Judge Henry Brannon, Judge John W. English and Judge M. H. Dent all being present.

On motion of E. B. Knight J. H. Gains was admitted to practice at this bar.

McKell et al. vs. Sugar Creek Railroad Company, from Fayette county, upon petition and rule in prohibition; the respondents filed their answer and demurrer and the case was fully heard and submitted.

Boyd vs. Jacobs et al, from Taylor county, upon petition and rule in prohibition; rule enlarged to a future day of the term.

The court adjourned till 10 a. m. to-day.

LOCAL BREVITIES.

Matters of Minor Moment in and About the City.

PARK CASINO this evening—"Fra Diavola."

The street sprinklers have gone out of active service for a day or two.

An important meeting of the council committee on finance will be held this evening.

The glorious rain has increased the chances for cheaper strawberries. They will be abundant by Saturday.

SOMEONE threw a small turtle in the Paxton fountain basin, and it killed a dozen or so of the little fish before it was discovered and removed.

At the First Baptist church this evening the ladies will give a strawberry and ice cream social, to which all are invited. The admission will be free.

Invitations were issued yesterday for the forty-eighth annual commencement of Mt. de Chantal academy, which will occur on Wednesday next, June 12, at 1:30 p. m.

The miners at Dillonvale, out the Wheeling & Lake Erie road, voted yesterday on the proposed 51-cent scale for mining. The result was 141 for accepting it and 216 for rejection.

SEVERAL reports were current yesterday of new cases of smallpox, but there was no foundation of truth for any of them. A man has little to do who circulates false reports of this kind.

THERE were three cases in the police court yesterday. One plain drunk and one disorderly were dismissed, and another disorderly was fined \$5 and costs. He was inclined to be ugly about his home the night before.

A LARGE audience should embrace the opportunity to hear the interesting addresses of Mr. James H. Willock, of Pittsburgh, and Major Jed Hotchkiss, of Staunton, Va., at the Opera House this evening. They speak on an interesting and timely theme, and the weather is very comfortable for an indoor meeting.

MARSHALL GRAND JURY

Returns a Good List of True Bills—A Case of Contempt.

The Marshall county grand jury, which met on Monday, ended its labors and returned the following bills yesterday: John J. Connor, felony, assault with intent to kill; Ed Sutton, felony, throwing stones at a street car; John J. Connor, misdemeanor (2), trespass and carrying dangerous weapons; Thomas Foster, assault; Ed Sutton, exposing person; Cora Colfield, Thomas Foster, Ed Foster and James Foster, disturbing religious worship; Frank and Bert Kimmins, unlawful fishing; John G. Crawford, Newton Roberts, James Marshall, Oliver Crawford, Albert McGary, Charles Knapp, Joseph Williams, Lewis Ingley, William Stimmel, Andrew Cecil, Joseph Cecil, J. B. Cecil and Jasper Pelly, trespass, three cases.

Liquor indictments: John Henretta, 1; J. R. Johnston, 3; Ed. Voss, 2; S. W. Adams, 2; Barney Shalmy, 3; Nimrod Simms, 4.

Mike Enright, who failed to appear at the March term of court and was arrested about a week ago for contempt, was brought before the court yesterday. Judge Paul talked to him rather sharply and gave him a sentence of ten days in jail and a fine of \$10, the confinement in jail to continue until he pays his fine.

Dr Witt's Little Early Risers, gentle and reliable little pills, correct indigestion, relieve biliousness, effect pleasant. Logan Drug Co., Wheeling, W. Va., B. F. Peabody, Benwood, and Bowie & Co., Bridgeport, O.

"MANY of the citizens of Rainsville, Indiana, are never without a bottle of Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of the place. This remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it.

The Chilean minister at Washington says that his country's return to a gold basis will have a good effect as it will insure a stable currency. Silver will be legal tender up to \$50. In sums exceeding that it will be exchangeable at the mint for gold at its market value.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 60c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
